Catering/Entertainment/Food Supply Options

This year as we are using the Kantina building for the Exhibition & Conference we have an agreement with the contractor supplying food to the base - **Kantina**. This will cover the refreshments for the Exhibition and Conference and the catering for the first evening Bar-B-Q in the grounds of the base.

PAvCon strives to bring a 'Whole Event' flavour to its events and all attendees are invited to evening events that will be sponsored and branded as those of the sponsor - complete with presentation time.

Regular attendees will be aware that in previous years we have used cafes and hotels for the potentially sponsored food options. This year we are keeping an open mind on the potential venues for evening entertainment
